An efficient technique for determining a price is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the brand new book, but do not include a worth on that page. As a substitute, add various links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by making a variety of duplicate gross sales pages with completely different costs on each page. Make certain your sales copy is precisely the same on each

web page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and sales of your book. It will inform you what your optimum price is.

Finally, in case you've written a book that solves a drawback or presents a brand new technique, your guide will bring in both traffic and profits. So be sure to write that selling-handle sentence that sums up what drawback your e-book solves and what the benefits of your 1929 guide will probably be to the customers who purchase it.
