An effective method for figuring out a price is to send out a survey to your current customers. If these prospects have already bought an ebook from you, ask for their opinion by way of price. Do this by creating a sales web page for the brand new guide, however don't embrace a worth on that page. One other technique is to test out prices by making a variety of duplicate gross sales pages with different prices on each page. Then figure out for every page the conversion ratio between visitors to your website and sales of your book. It will let you know what your optimum worth is.

guide will herald both site visitors and profits. So be sure to write that selling-handle sentence that sums up what drawback your ebook solves and what the advantages of your 1933 ebook shall be to the shoppers who buy it. And then watch your market come to you!
