An efficient approach for figuring out a worth is to ship out a survey to your present customers. If these prospects have already bought an ebook from you, ask for their opinion when it comes to price. Do this by making a sales page for the brand new e-book, however do not embrace a value on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with different prices on each page. Be sure your gross sales copy is strictly the identical on every

page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. It will inform you what your optimum price is.

Ultimately, should you've written a book that solves a problem or presents a new approach, your e-book will usher in both visitors and profits.
