Apart from promoting your books assiduously on-line, there are a number of other methods that can help you promote more books.

One is to give something away free of charge along with your ebook, such as a valuable bonus item. Or bundle several ebooks beneath one worth, which lowers the worth for every book if they had been sold separately.

An efficient approach for determining a price is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion in terms of price. Do this by making a sales page for the brand new book, but don't include a price on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out prices by creating a variety of duplicate gross sales pages with totally different costs on every page. Ensure that your gross sales copy is exactly the identical on

every web page, and includes your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This can tell you what your optimum price is.

Ultimately, if you've written a guide that solves a downside or presents a new approach, your book will bring in both site visitors and profits. So make sure you write that promoting-deal with sentence that sums up what drawback your e-book solves and what the benefits of your 2326 e-book might be to the customers who purchase it.
