An efficient technique for figuring out a value is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales page for the new ebook, but don't embody a price on that

page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with different prices on each page. Be certain your gross sales copy is precisely the same on each page, and contains your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum worth is.

Finally, if you've written a e book that solves a downside or presents a new technique, your book will usher in each site visitors and profits.
