One other strategy is to check out costs by making a variety of duplicate gross sales pages with different costs on every page. Make sure that your sales copy is precisely the identical on each web

page, and consists of your promoting-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum price is.

Ultimately, should you've written a e-book that solves a drawback or presents a brand new method, your e book will bring in both traffic and profits.
