An effective method for figuring out a worth is to ship out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion when it comes to price. Do that by making a sales web page for the new book, but do not include a price on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out costs by creating a variety of duplicate sales pages with completely different costs on each page. Be sure that your sales copy is precisely the same on each web page, and consists of your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum value is.

Finally, for those who've written a guide that solves a problem or presents a new technique, your e-book will herald each traffic and profits. So you should definitely write that selling-deal with sentence that sums up what downside your e-book solves and what the benefits of your 603 e book might be to the customers who buy it.
