One other strategy is to test out prices by making a number of duplicate gross sales pages with different costs on each page. Make sure that your gross sales copy is exactly the similar on each

page, and contains your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your website and sales of your book. This can tell you what your optimum price is.

In the end, in the event you've written a ebook that solves a downside or presents a new approach, your ebook will herald both site visitors and profits.
