An efficient technique for determining a value is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion in terms of price. Do this by making a gross sales page for the new e-book, but do not embody a worth on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out prices by making a number of duplicate gross sales pages with totally different prices on every page. Ensure your sales copy is exactly the same on every web

page, and includes your selling-deal with sentence. Then determine for every page the conversion ratio between visitors to your website and sales of your book. This may let you know what your optimum price is.

Ultimately, in case you've written a e book that solves a problem or presents a new approach, your book will usher in each site visitors and profits. So be sure you write that selling-handle sentence that sums up what downside your ebook solves and what the benefits of your 753 e-book will probably be to the customers who buy it.
