Then you should definitely use that sentence in each piece of gross sales and promotional materials, and each time anybody asks you

about your ebook.

In addition to promoting your books assiduously on-line, there are several different strategies that may show you how to sell more books.

One is to offer one thing away at no cost together with your guide, similar to a valuable bonus item. Or bundle several ebooks under one worth, which lowers the price for each ebook in the event that they were sold separately.

An efficient technique for figuring out a worth is to ship out a survey to your current customers. If these prospects have already purchased an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the new book, but don't embrace a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by making a variety of duplicate gross sales pages with different costs on every page. Be certain your sales copy is precisely the same on each web page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum worth is.

Finally, for those who've written a e-book that solves a downside or presents a new method, your guide will bring in both visitors and profits. So you'll want to write that promoting-handle sentence that sums up what downside your e book solves and what the benefits of your 764 guide might be to the customers who buy it. And then watch your market come to you!
