piece of gross sales and promotional material, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously on-line, there are a number of different methods that can make it easier to promote more books.

One is to present something away at no cost with your book, comparable to a beneficial bonus item. Or bundle a number of ebooks underneath one value, which lowers the price for every book in the event that they were offered separately.

An effective technique for figuring out a worth is to ship out a survey to your current customers. If these clients have already purchased an book from you, ask for their opinion by way of price. Do this by creating a gross sales page for the brand new book, but don't embrace a worth on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out costs by making a number of duplicate gross sales pages with different costs on every page. Ensure your gross sales copy is precisely the same on every web page, and contains your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum value is.

Finally, should you've written a book that solves a drawback or presents a brand new method, your e book will herald each site visitors and profits. So you should definitely write that selling-handle sentence that sums up what problem your e-book solves and what the advantages of your 813 guide will be to the purchasers who buy it.
