An efficient method for figuring out a price is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the brand new guide, but do not include a worth on that page. Instead, add various links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with completely different prices on each page. Be sure that your sales copy is precisely the similar on

each web page, and consists of your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your web site and sales of your book. This may tell you what your optimum worth is.

Ultimately, when you've written a guide that solves a drawback or presents a brand new approach, your e book will bring in both traffic and profits. So be sure to write that selling-deal with sentence that sums up what problem your guide solves and what the benefits of your 928 e book will likely be to the shoppers who purchase it.
